The Reg^r, Mysore university,
had complained that the work of the Oriental
Library for which addl. type & Establish-
ment were sanctioned for the Branch Press
is considerably delayed. Some relief in
the printing work is also necessary. One of
the reasons given for the continuance of
the printing work of the Oriental in the Govt
Press is that other presses in Mysore do not
possess the necessary type or the Expert
staff to undertake the work. If this were
so, the Asst. Govt. Printing Controller who
had agreed to make arrangements for
the work will realise the difficulty &
suggest remedial measures Controller

The material point is not, whether the Sanskrit college is a Semi-Govt institution or not but one financed entirely from General revenues.

The printing work done for it at the Govt Press, at present is of such a kind as would admit of transfer to a private printing establishment provided that the work could be done quicker and cheaper than at the Govt Press.

The real issue is, the institution should pay from its budget the cost of printing whether it is entrusted to private presses or is attended to at the Govt Press.

If there should be any difficulty in immediately arranging for the printing work of the College for want of necessary provision in the budget of the institution, it is only fair that the existing arrangements should be continued till the end of the current year the new arrangement coming into effect from the beginning of the next official year.
